

Product Name: Blood Meal  
Product Number: B157  
Formula: NA

CAS Number: NA  
NIOSH/RTECS Number: NA  
Page Number: 1 of 1

## MATERIAL SAFETY DATA SHEET

### 1. PHYSICAL & CHEMICAL PROPERTIES

|                      |                     |                   |                    |
|----------------------|---------------------|-------------------|--------------------|
| Product Description: | Blood Meal          | Formula:          | NA                 |
| Product Number:      | B157                | CAS Number:       | NA                 |
| NIOSH/RTECS No:      | NA                  | Vapor Density:    | NA                 |
| Storage Temperature: | RT                  | Melting Point:    | NA                 |
| pH:                  | 6.5-7.5             | Specific Gravity: | NA                 |
| Molecular Weight:    | NA                  | Solubility:       | Insoluble in water |
| Appearance:          | Small, black specks | Odor:             | Slight odor        |

### 2. COMPOSITION/INFORMATION ON INGREDIENTS

| Ingredient | CAS No. | Percent | Hazardous                                       |
|------------|---------|---------|---|
| Blood Meal | NA      | 100%    | No exposure limits established by OSHA or ACGIH |

The product listed above which you have purchased is not defined as hazardous by OSHA 29 CFR 1910.1200 and a MSDS has not been developed.

Even though the above listed product is not defined as hazardous by the OSHA Hazard Communication Standard, all material should be handled with appropriate caution and under competent supervision. Always follow good manufacturing and laboratory practices. Protective gloves, safety glasses, lab coat and access to a safety shower, first aid kit, fire fighting equipment and eyewash are recommended.
